TECHINNOVATION FOR LIFE

// WE ARE INDTECHLABS

Your Partner for Software Innovation

We are a Papua New Guinea-based technology company providing strategic IT business solutions and dedicated services for clients in PNG and across the globe.

We, at INDTechLabs, aim to harness the power of technology and software to augment the potential of our stakeholders and to showcase to the people of Papua New Guinea what technology has to offer.

KNOW MORE

Thought Leadership

We use cutting - edge

OUR COVID-19 INITIATIVE

We, at INDTechLabs are **dedicated** to giving back to Papua New Guinea. The COVID-19 website is a collaboration with PNG DataCo to provide **real-time statistics** of COVID-19 around **PNG** and **worldwide**.
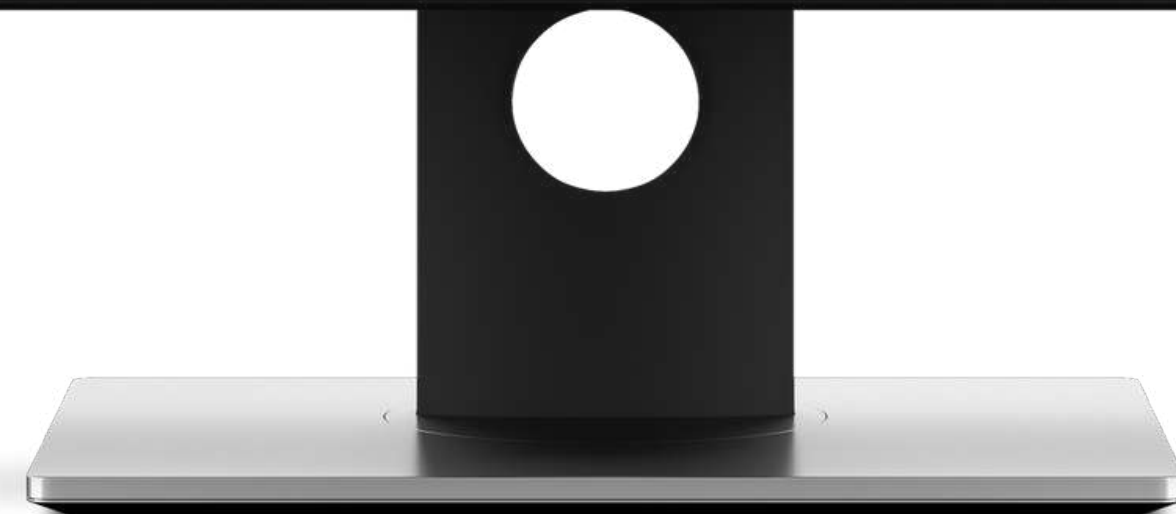

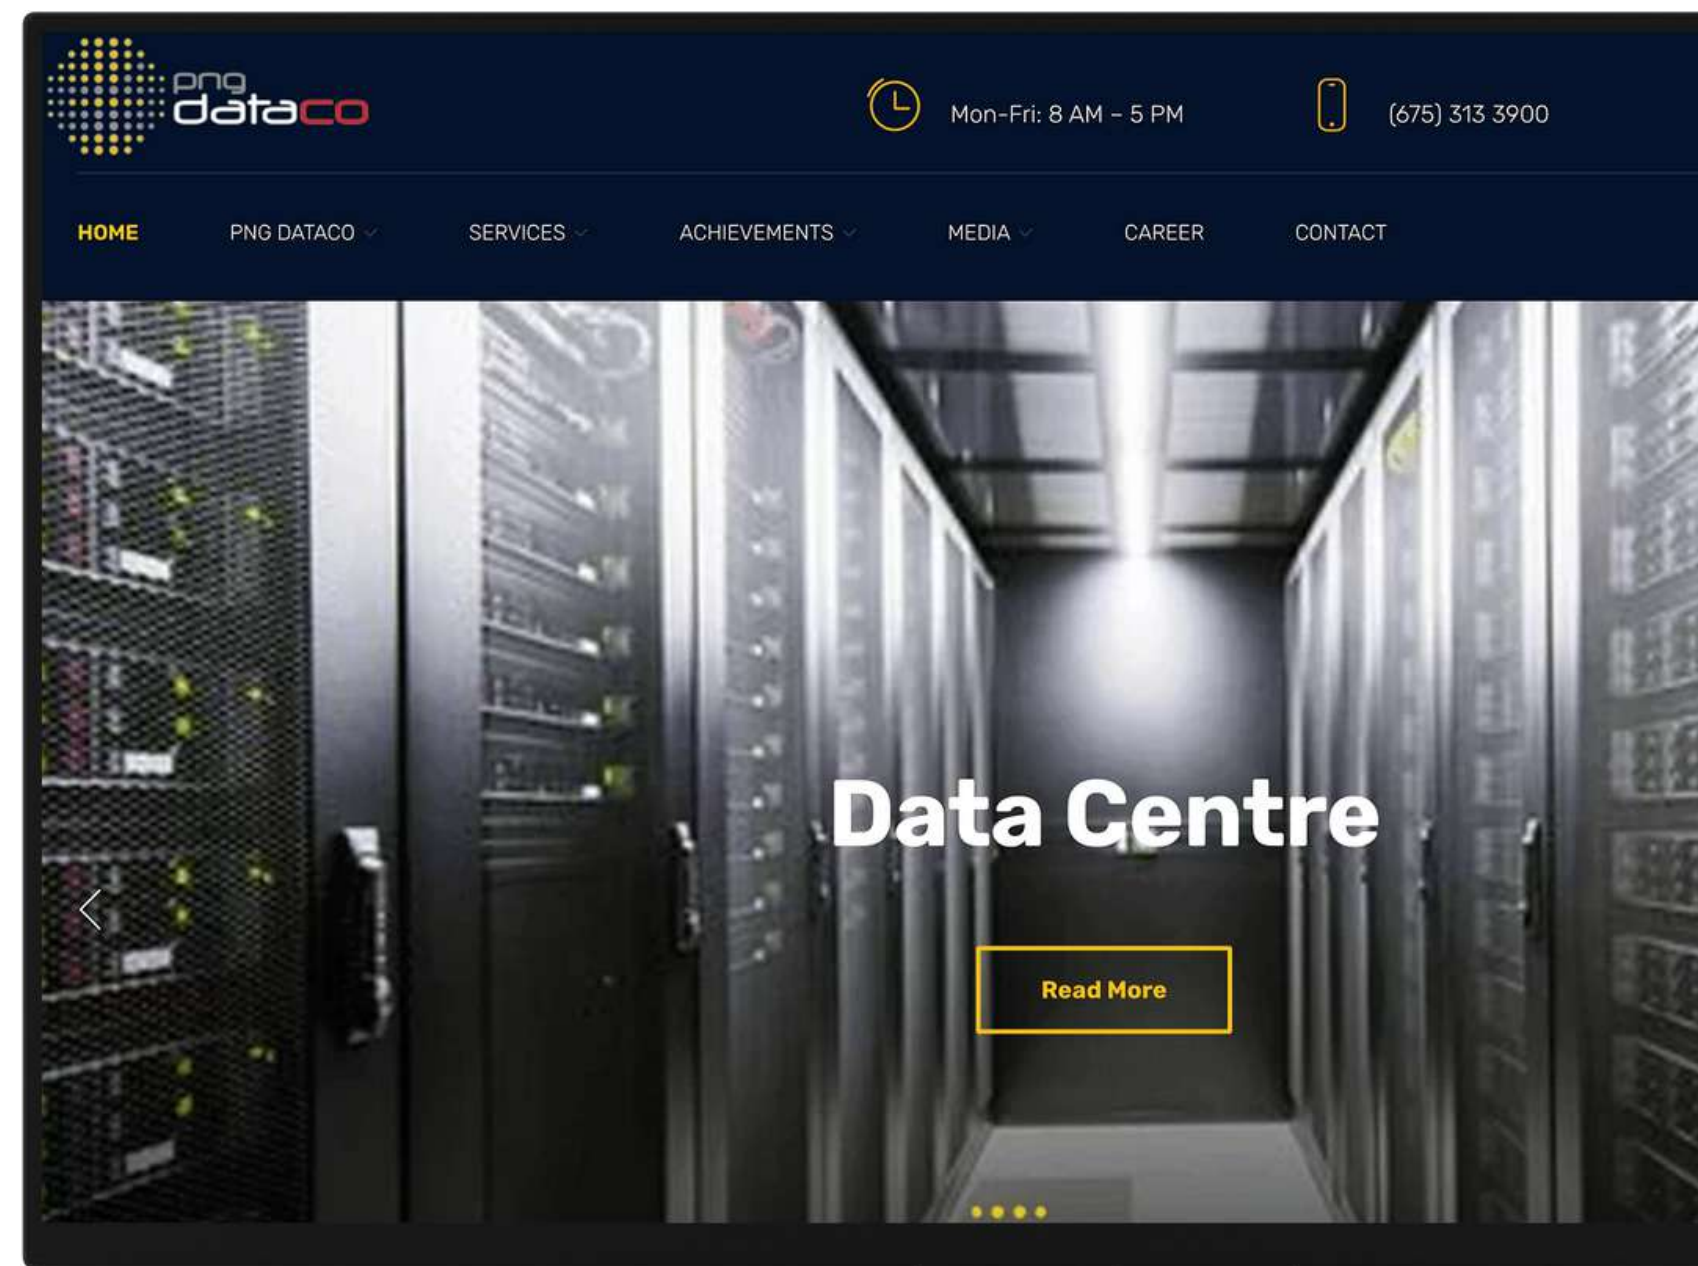

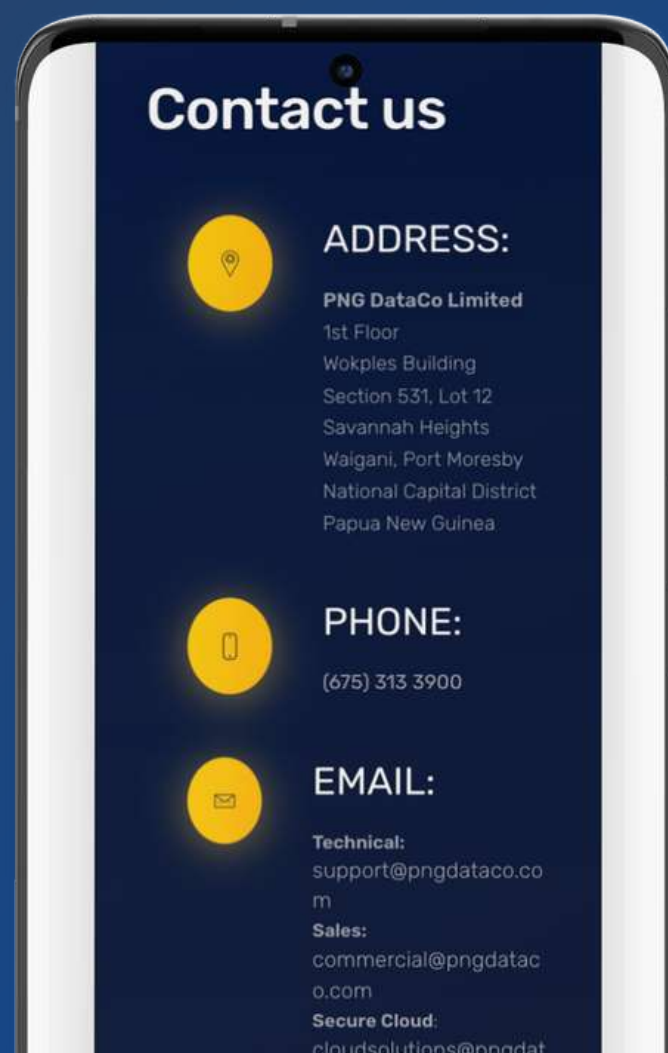

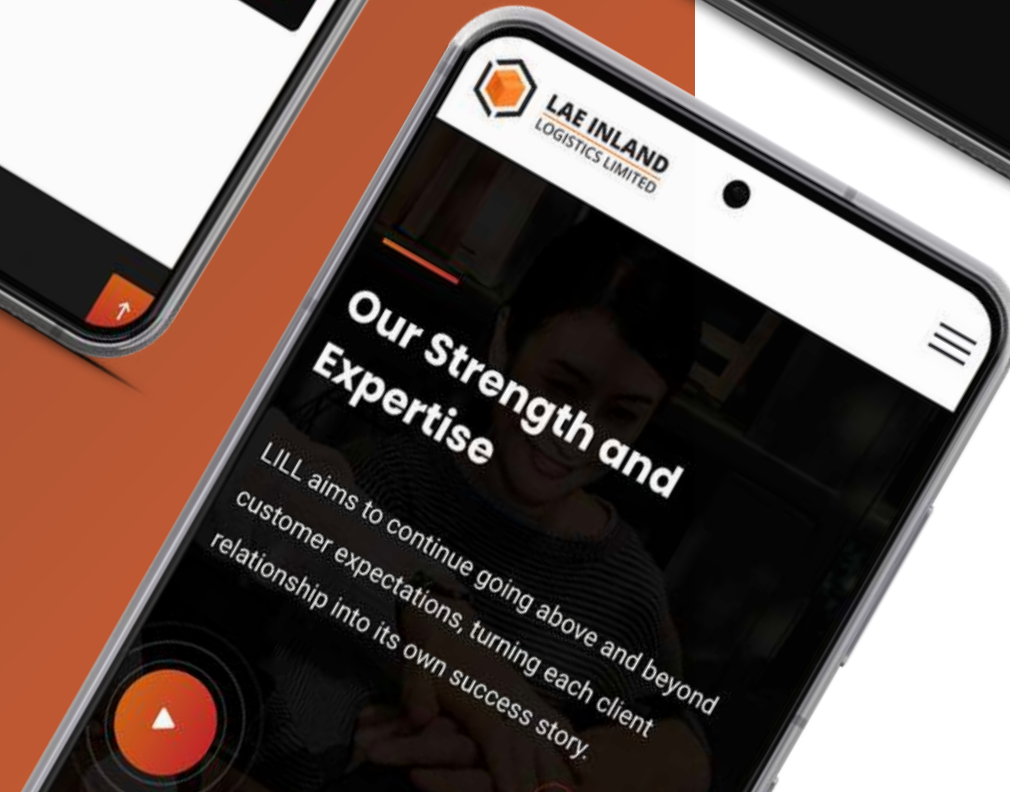

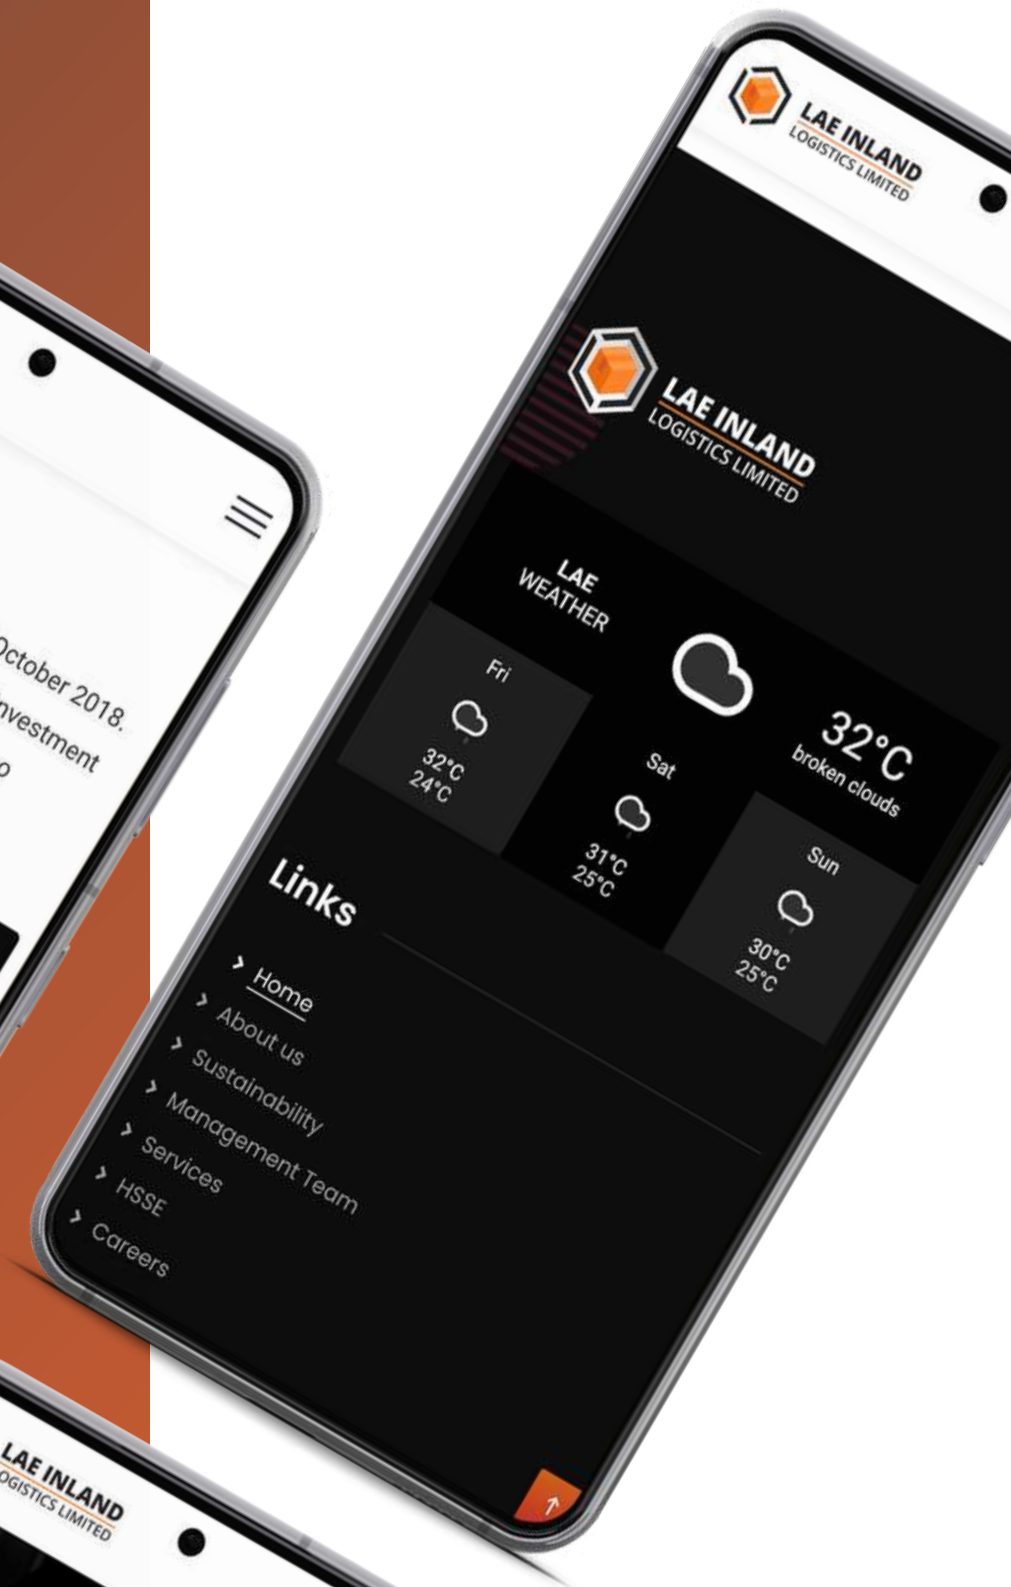

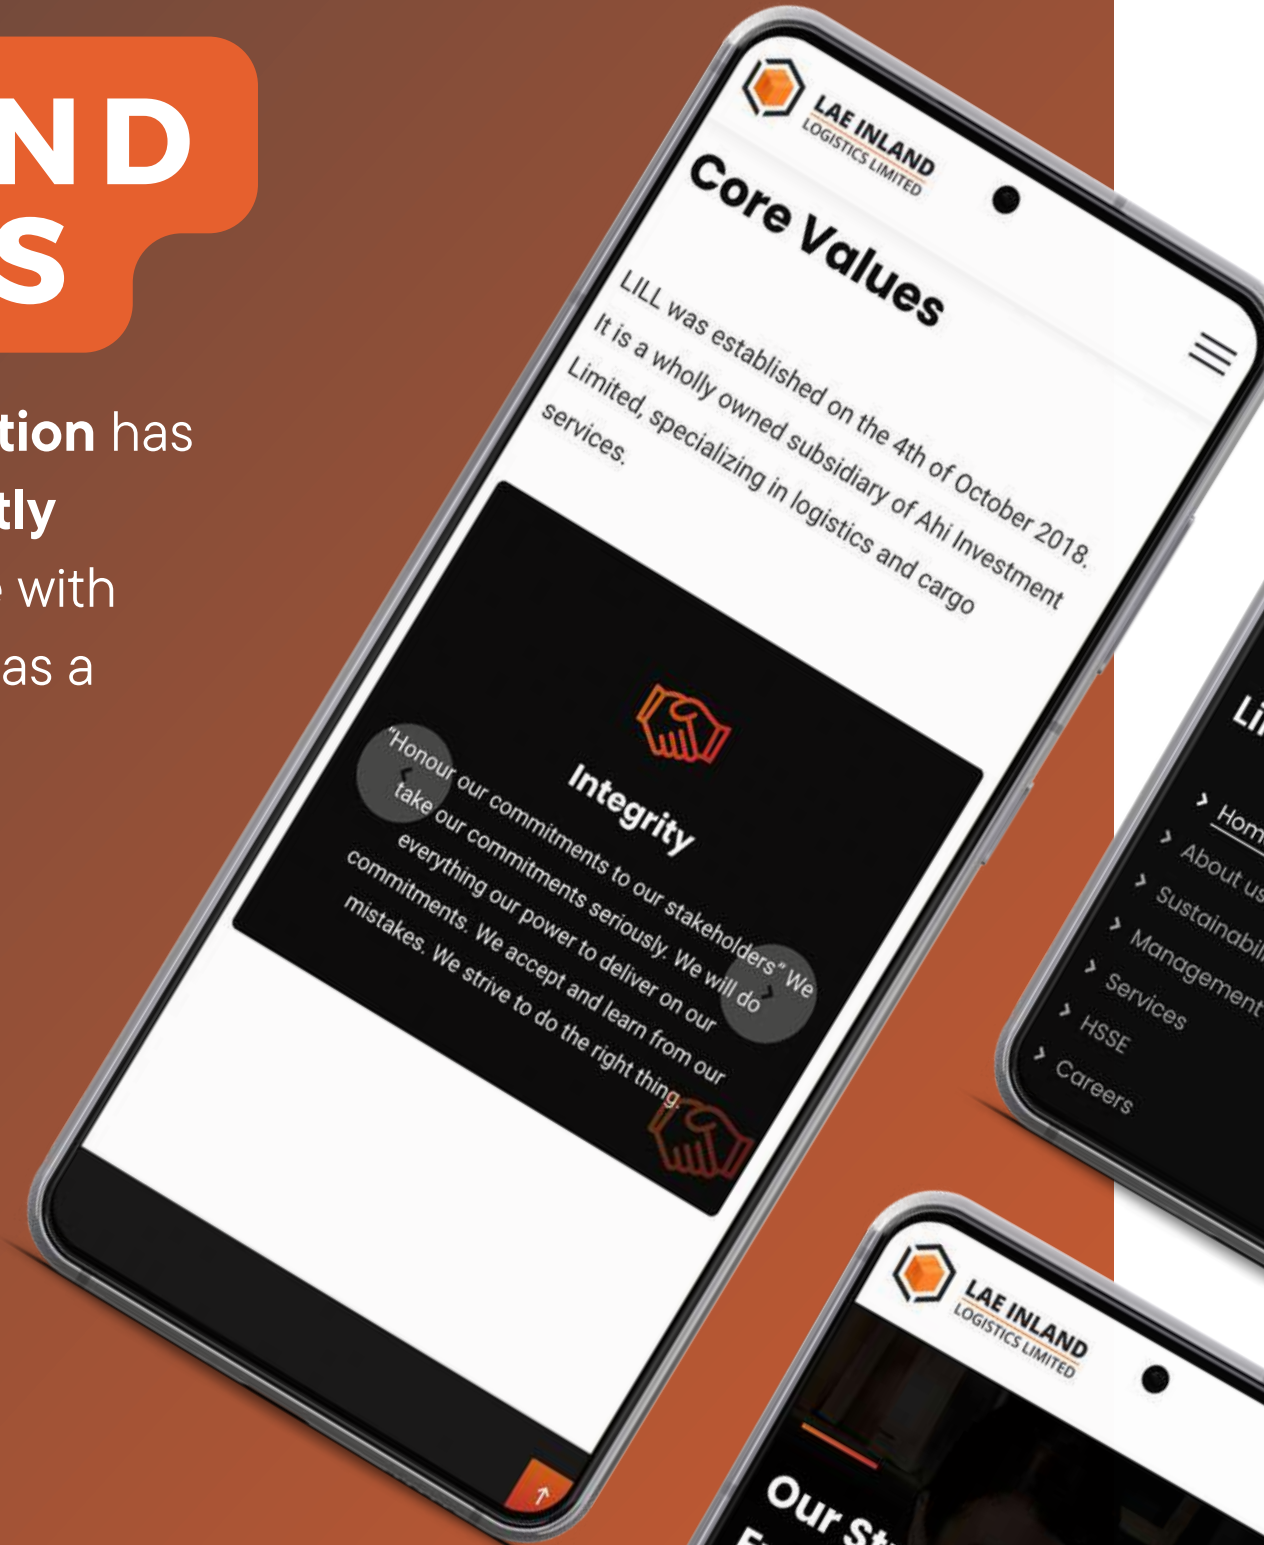

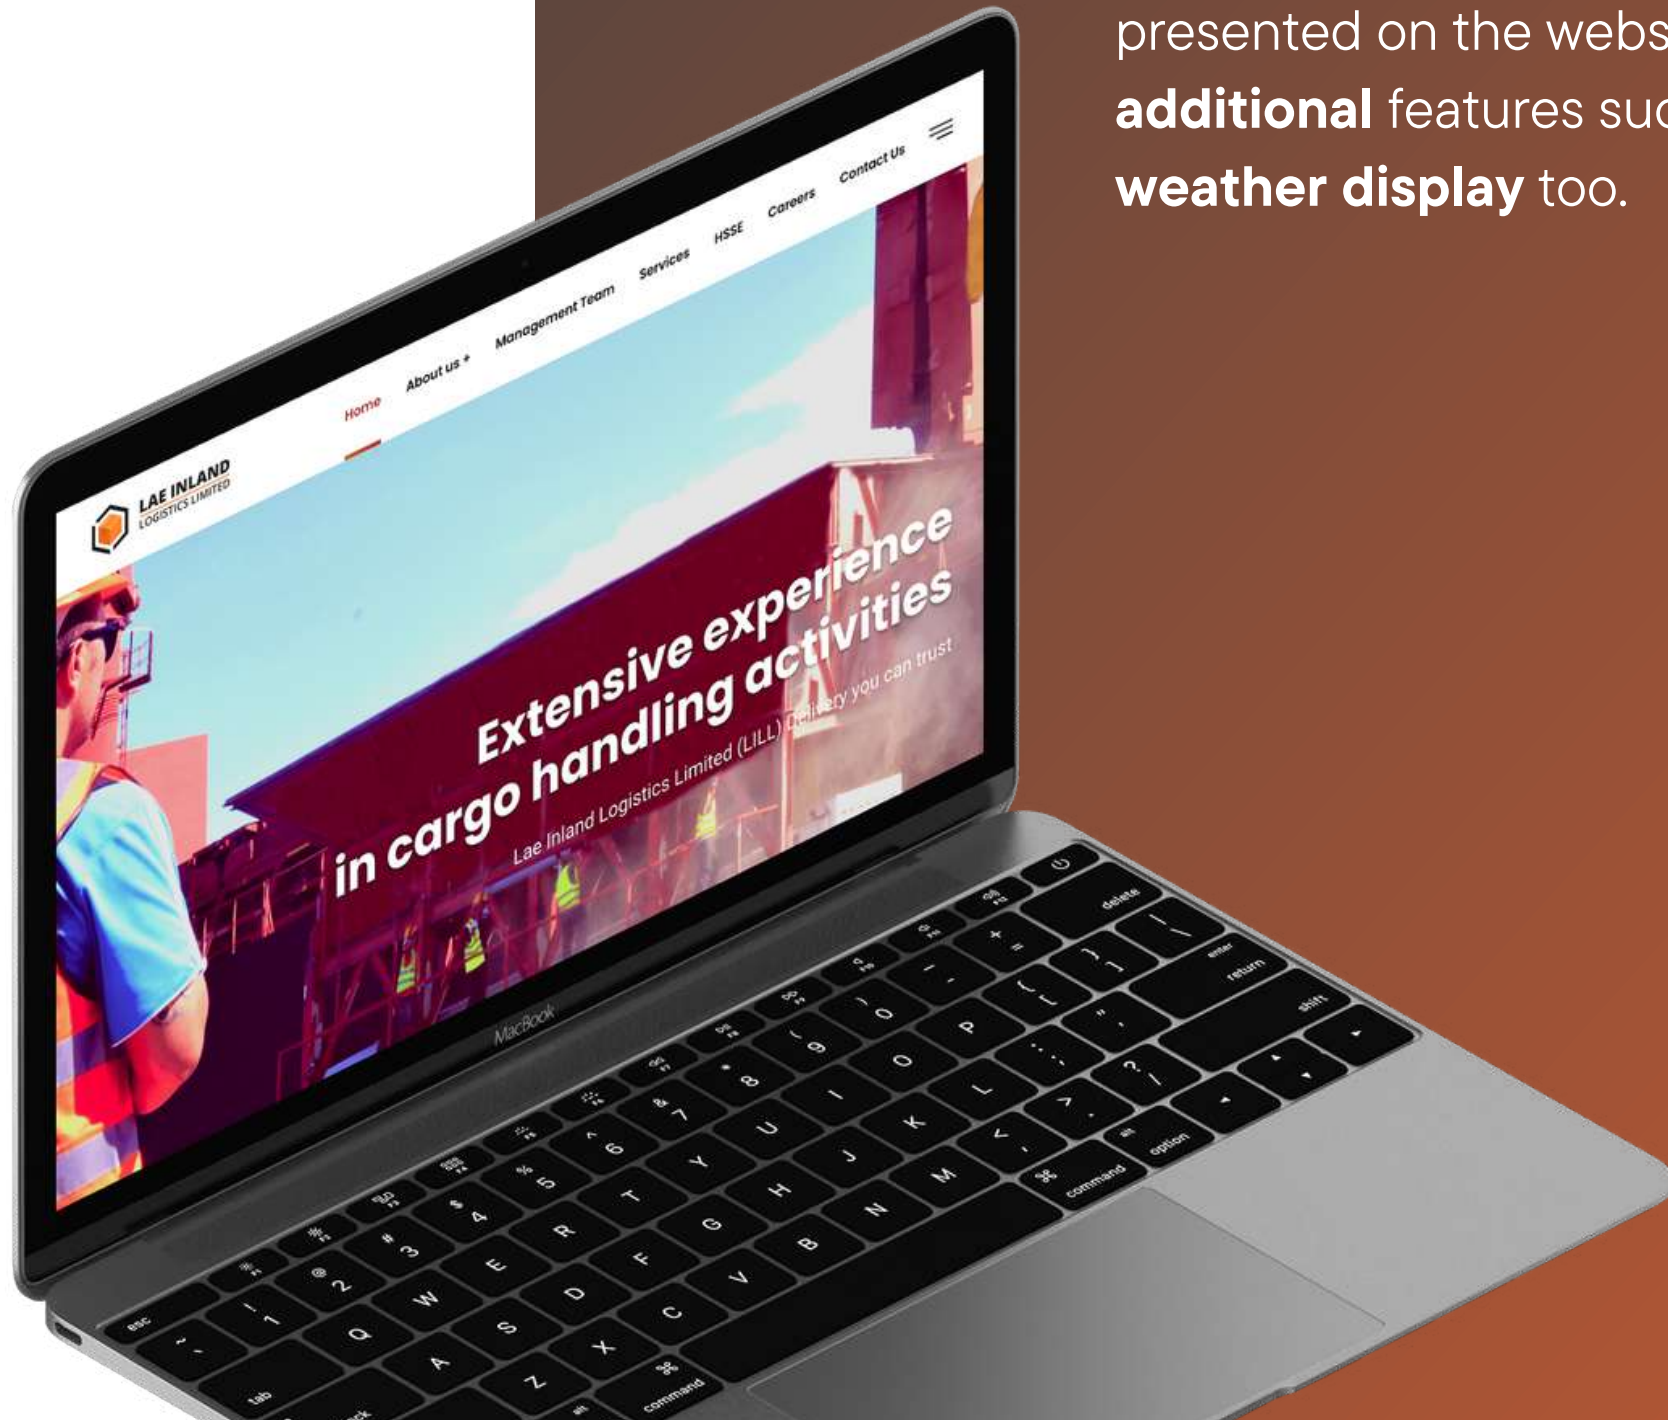

// *Web Development*

PNG DATACO

In this website, we strived to **emphasise** our client's **vision** and **achievements** with our **UI/UX design** and **web functionality**.
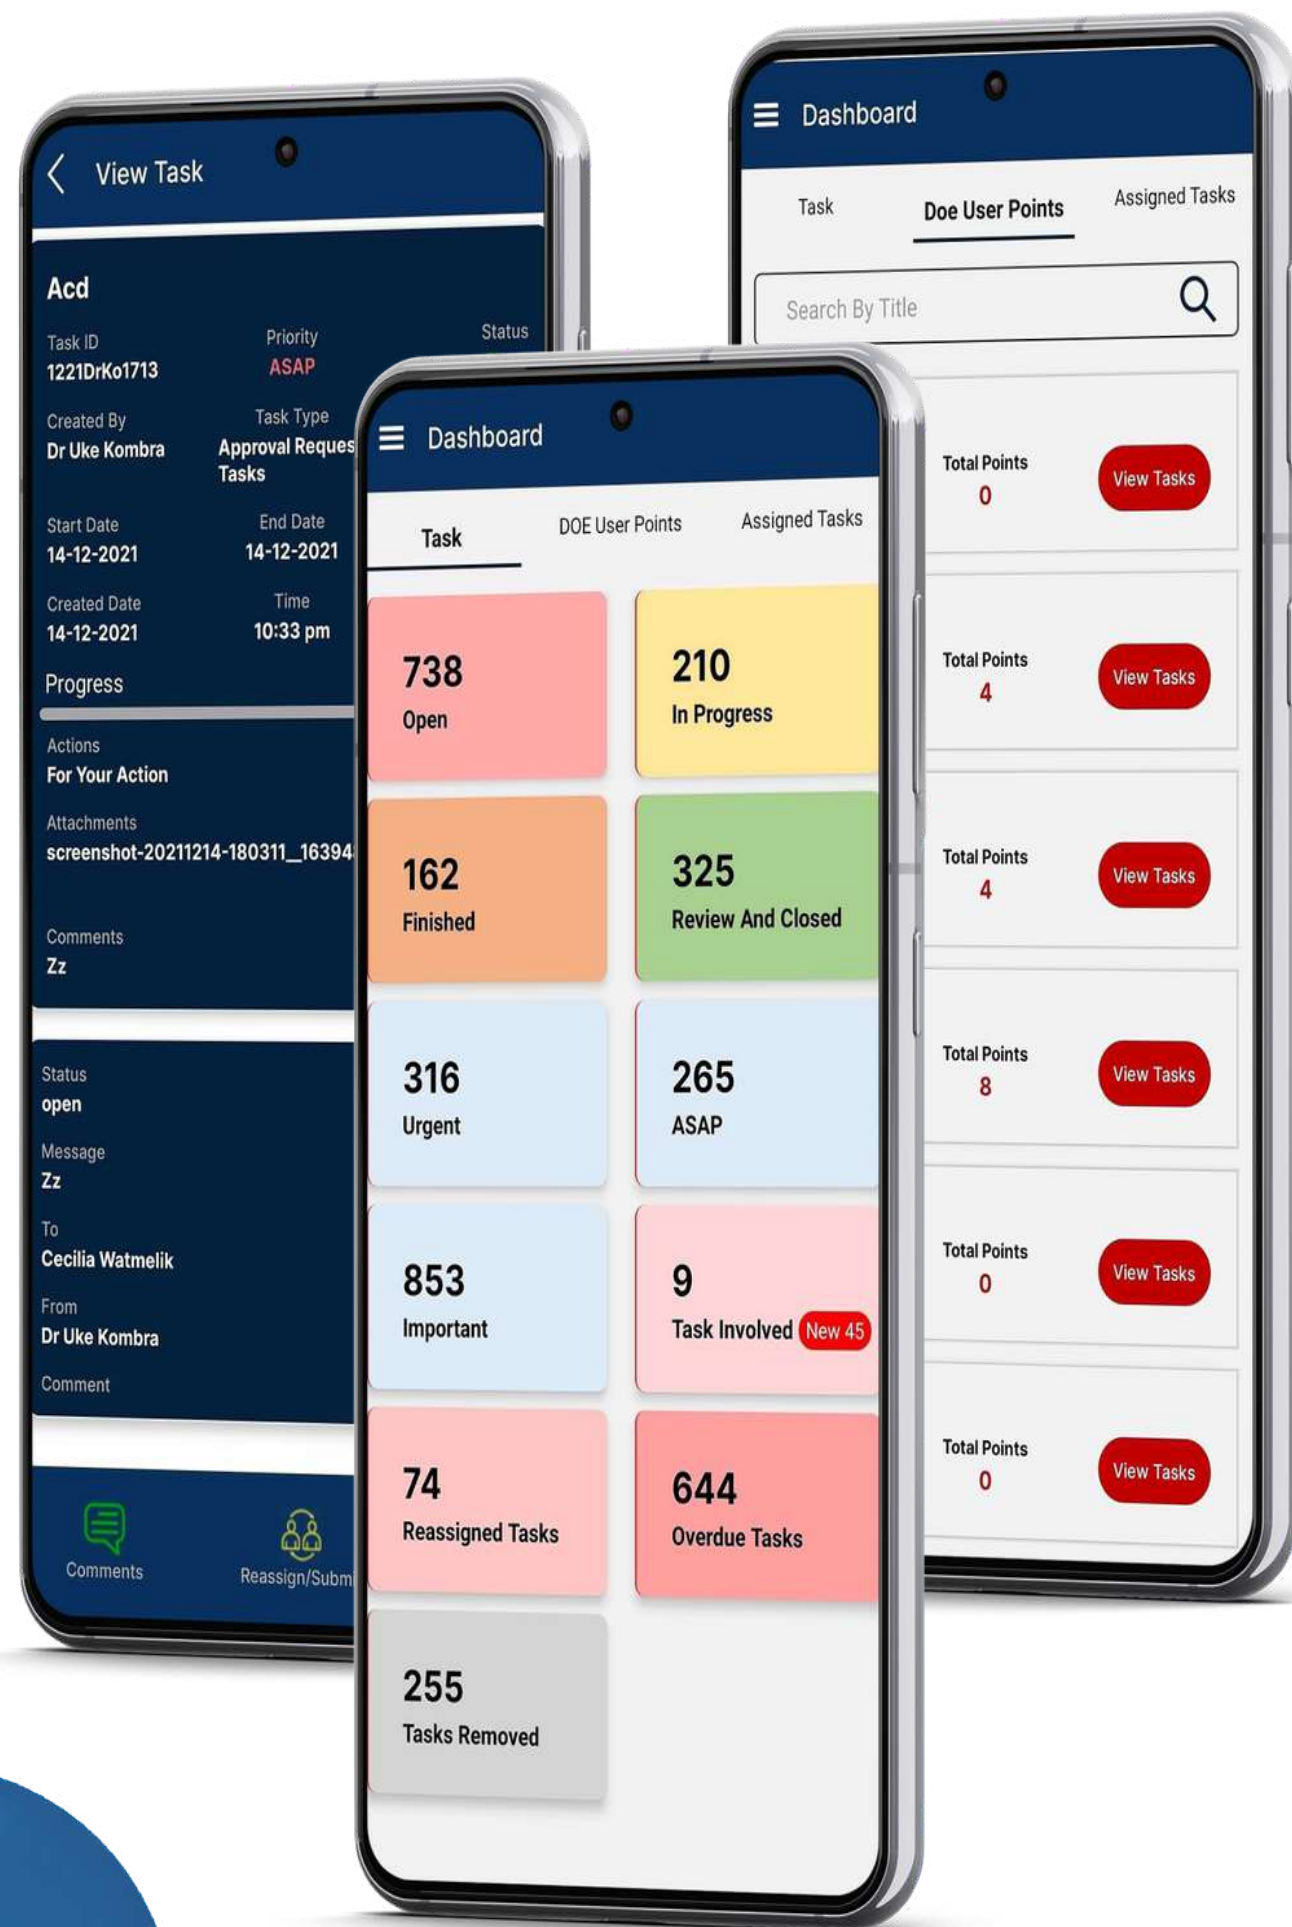

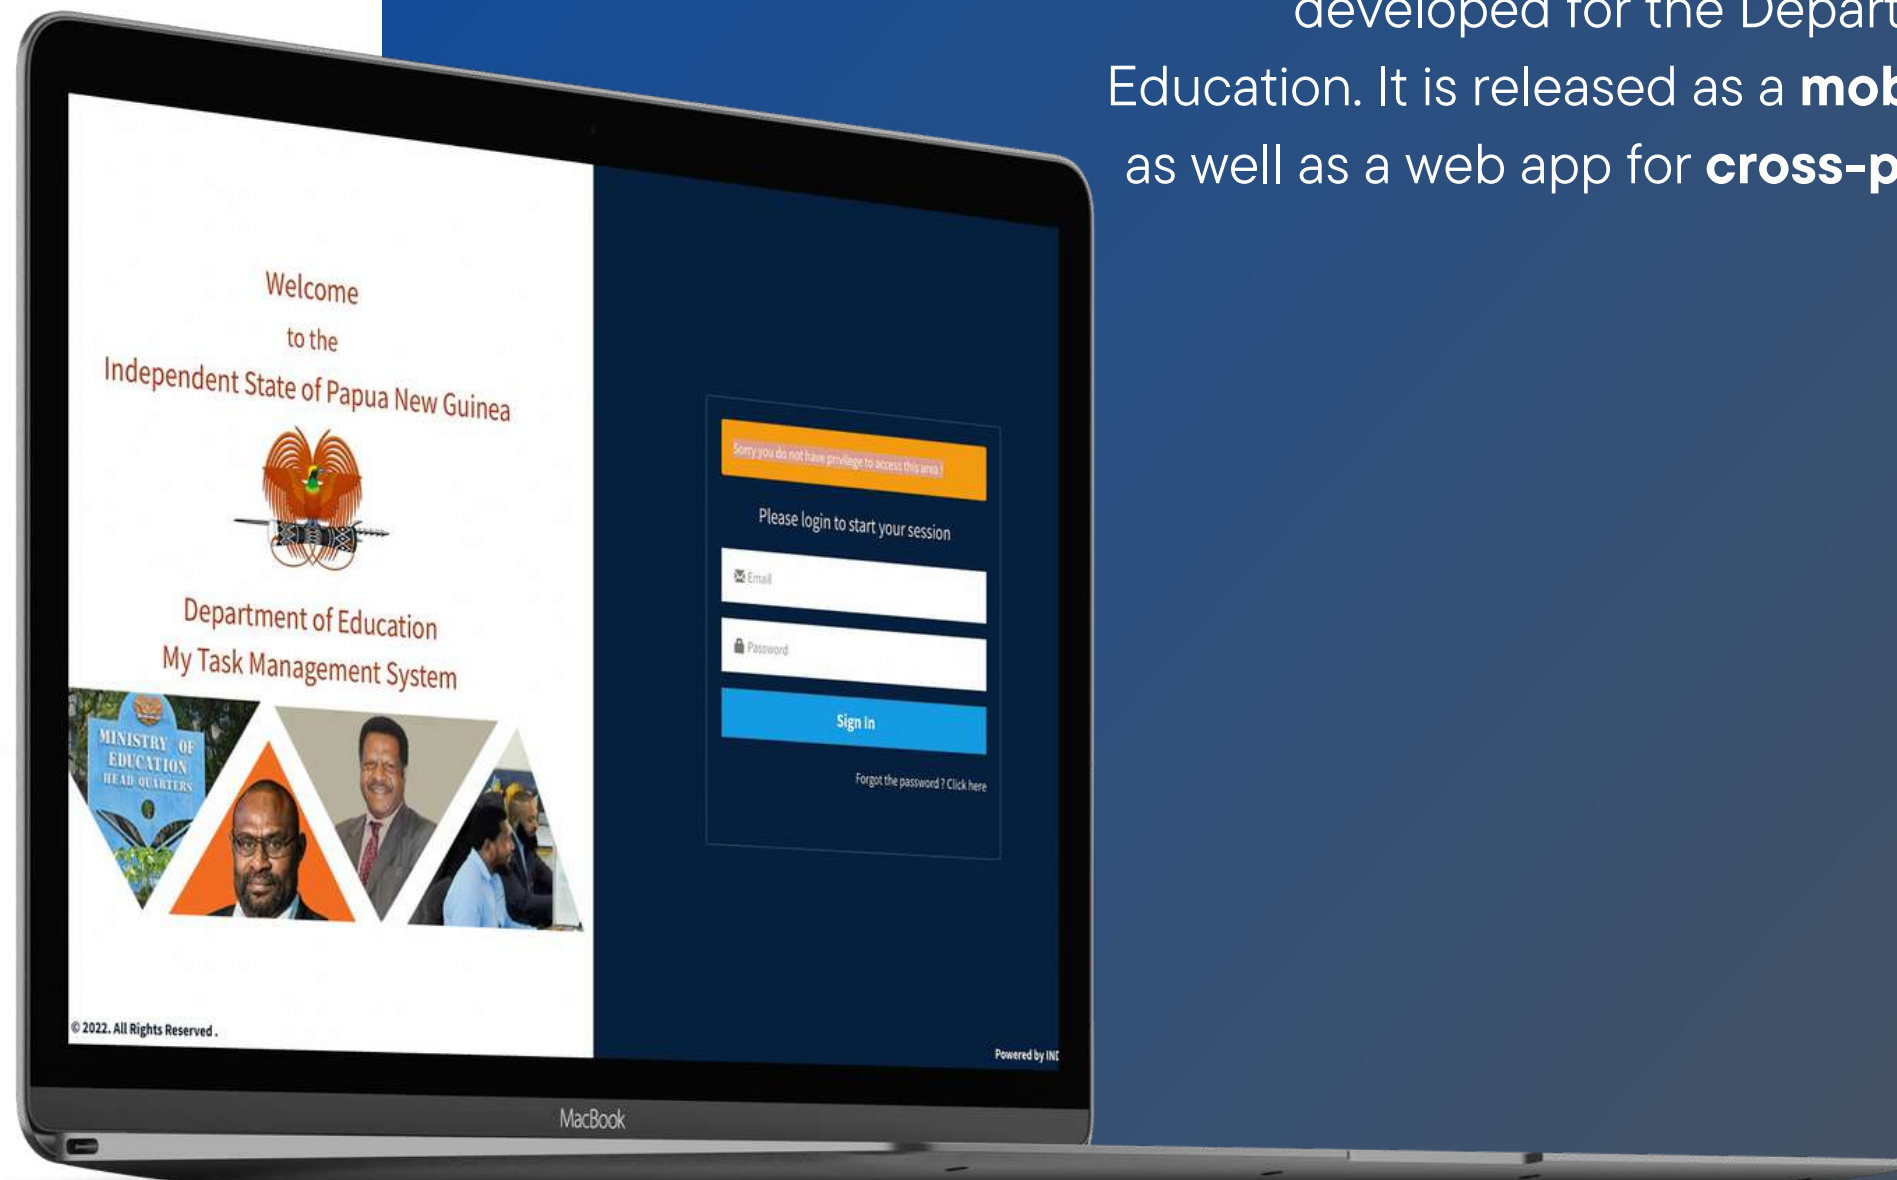

// *Web Development*

LAE INLAND LOGISTICS

The client's **vital information** has been **crisply** and **distinctly** presented on the website with **additional** features such as a **weather display** too.
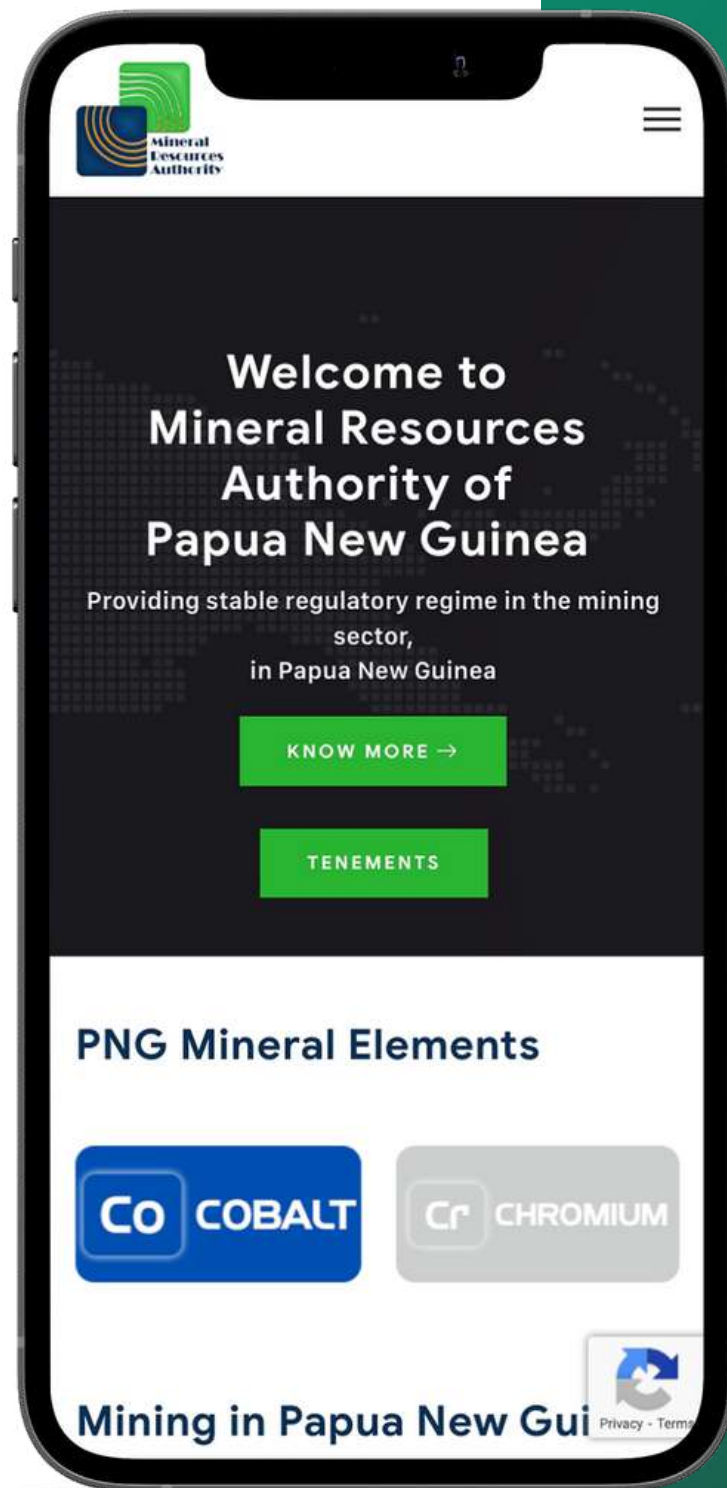

// *Web & Mobile Apps*

MY TASK MANAGEMENT SYSTEM

My Task Management is a **task manager** developed for the Department of Education. It is released as a **mobile app** as well as a web app for **cross-platform usage.**
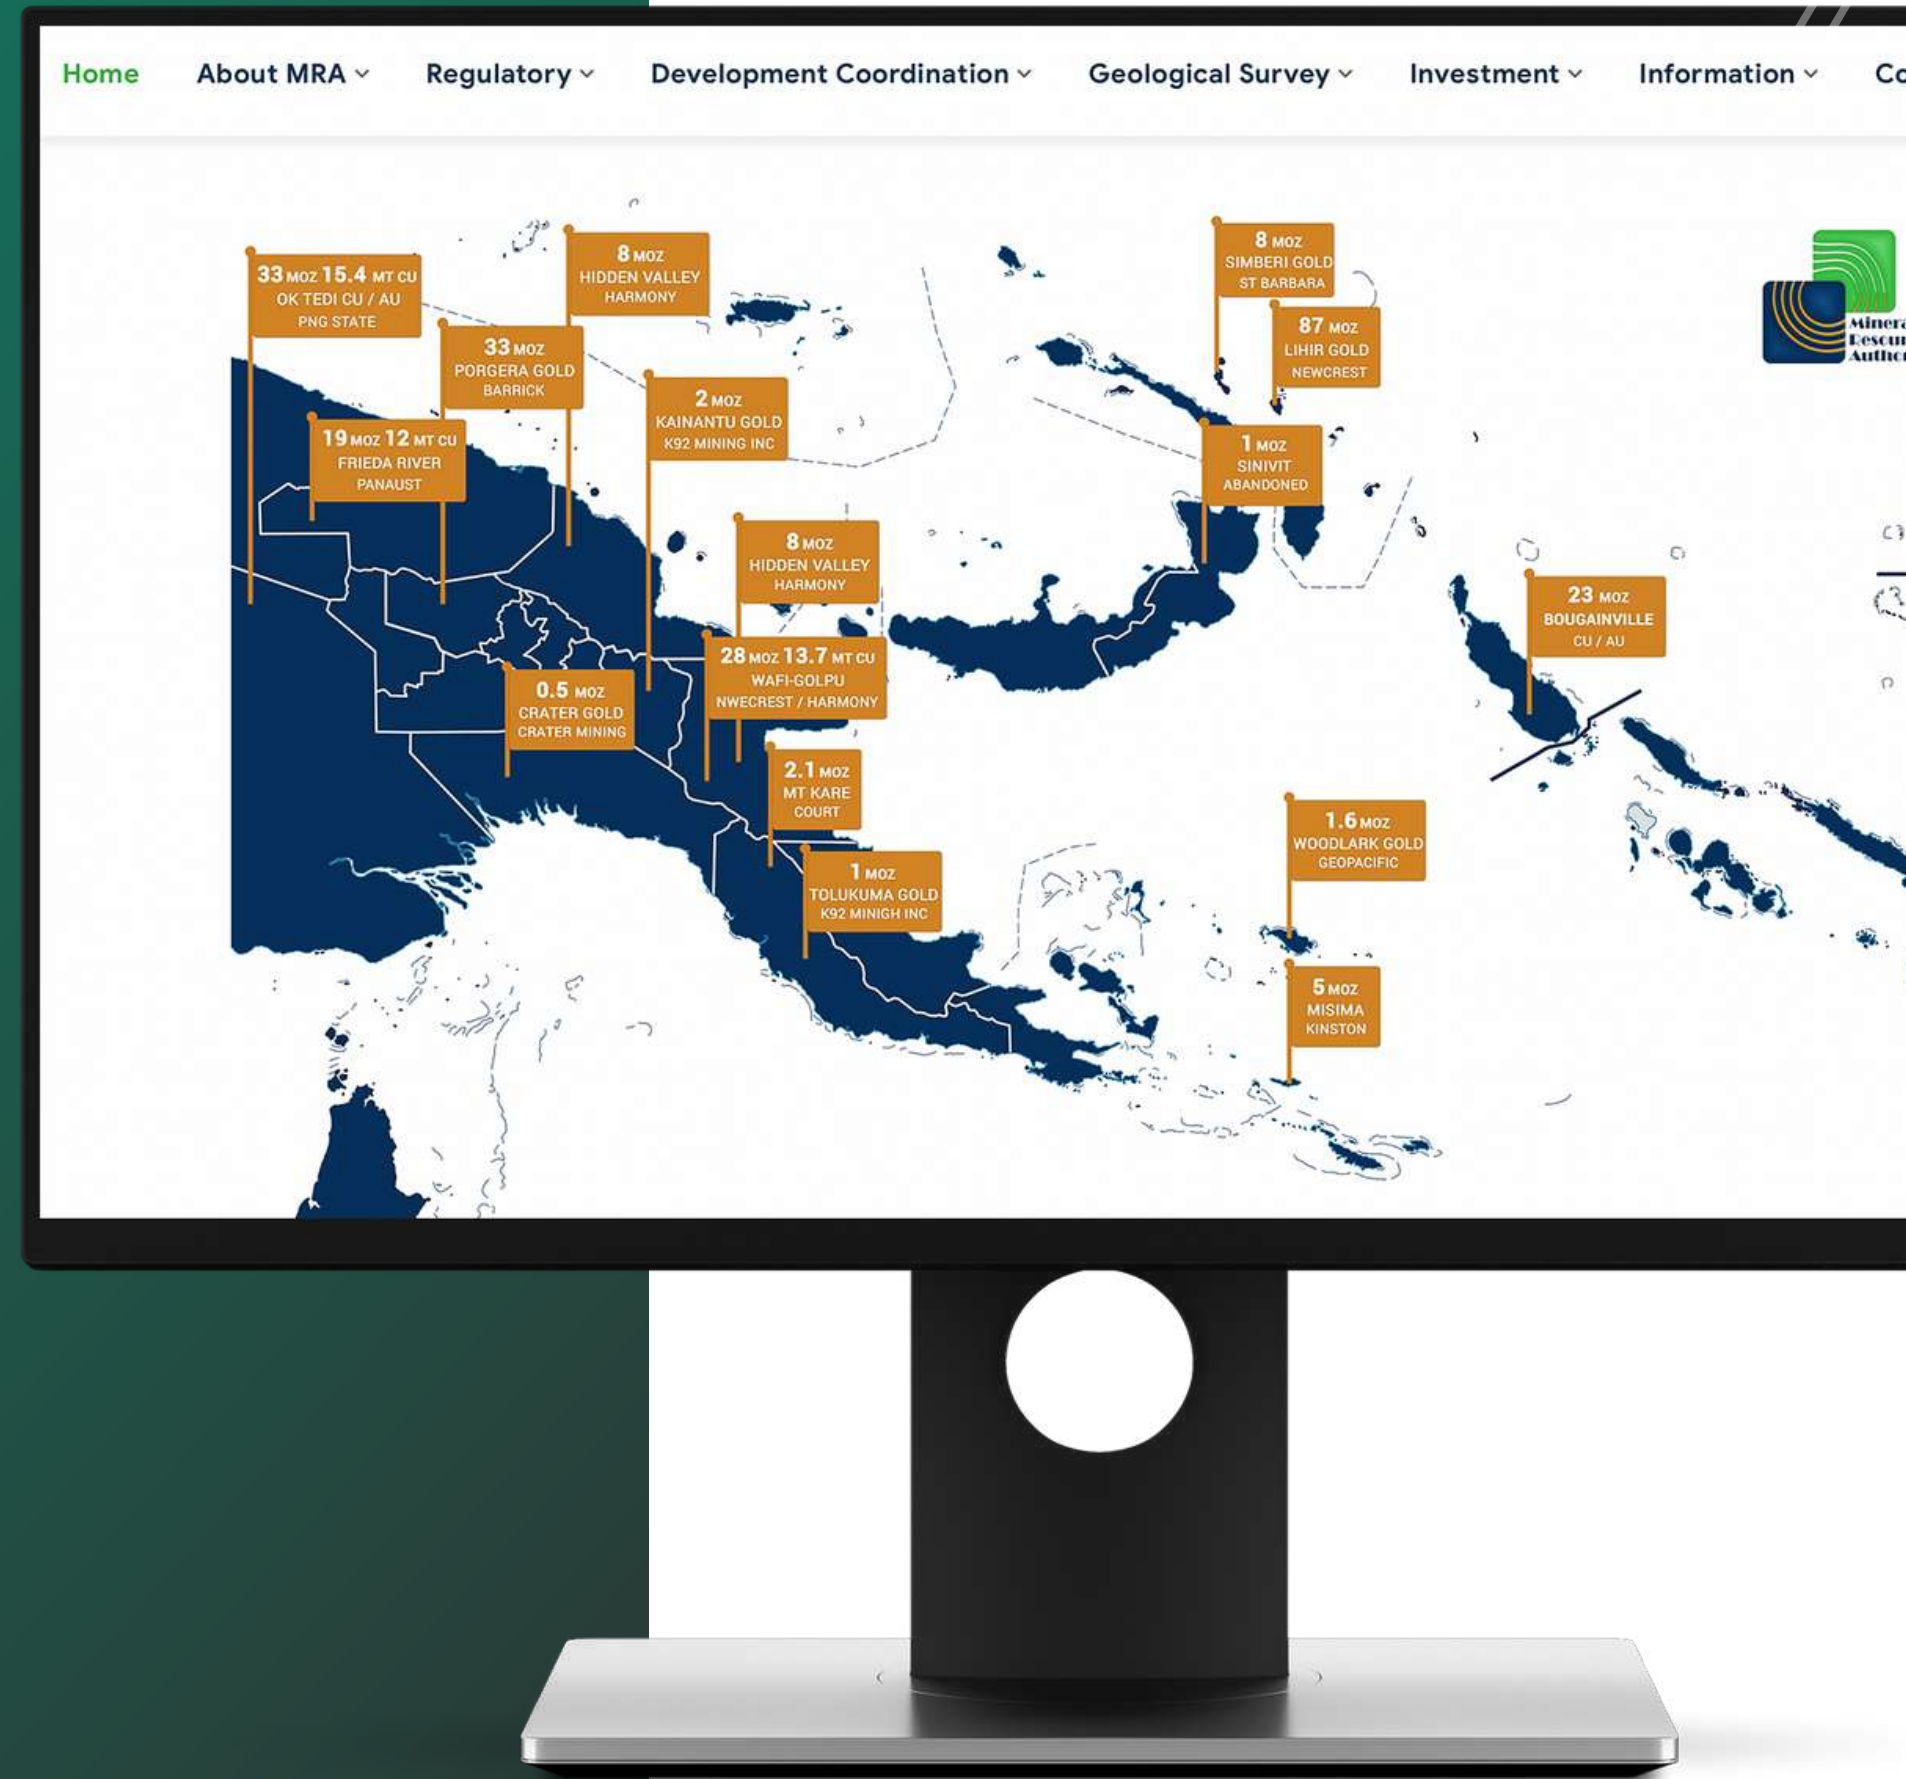

// *Web Development*

MRA PNG

It was our privilege to have developed this **user friendly** and **responsive** website for our client with additional information presented with **pleasing aesthetics** for the audience.

AIC PNG

INDTechLabs **prioritised** the **functionality** and **usability** of the website given the **indispensable** role AIC plays in the country's aviation sector.
